I am pleased that this year's district men's retreat is focused on Richard Rohr's book *Falling Upward: Spirituality for the Two Halves of Life* and the DVD *Celebrate What's Right With the World*. Both have deeply influenced me. I believe each has an important message for us.

Rohr's book invites us in the second half of life to further develop some of the spiritual values we have learned to hold dear during the first half. This will allow us to live more fully and develop a deeper understanding of God. This message is not easily accepted, but is worth considering.

The DVD *Celebrate What's Right With the World* will be viewed Friday evening. It calls us to focus on what is good and true and positive. It very creatively calls us away from negative thinking and living.

Both of these messages can enrich our lives. Our fellowship together will also be great.

Come join us!
